FREE ONLINE LANGUAGE EXCHANGE SESSIONS

Typ wydarzenia: Spotkanie

An exciting new project the University of Granada's Centro de Lenguas Modernas (CLM) has set in motion. The Covid-19 pandemic is bringing about a new and uncertain scenery in the field of study abroad and international mobility programs. It is particularly affecting second language learning. As one of the leading centers in the teaching of Spanish language and culture at an international level, we are determined to keep responding to the learning needs and demands of our international students as well as those of our partner programs and universities.

With this in mind, we have decided to launch a program of free online language exchange sessions open to students from all over the world.

We would appreciate if you could pass this information on to your students and language departments.
